RE: TRASH PICK UP

Good Afternoon,

The Township was notified by its trash collection company that many residents did not place trash by the curb on 1/22 and 1/23. The company further informed the Township that many trashcans placed by the curb were frozen in place and could not be removed without potentially damaging the container.

Trash trucks will continue to travel their established routes. With warming weather, anything not collected on 1/22 or 1/23 will be picked up on the 2nd run of the week.

Thank you,
Administration
